

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Rothery on 16 Dec 2010.

The application has been amended as follows:

→The specification at page 1 / paragraph 2 that states "**The invention relates to an intervertebral ... Patent Claim 19.**" has been replaced with the following paragraph:

"The invention relates to an intervertebral implant and to a process for the replacement of a defect, natural intervertebral disk by an intervertebral implant."

→The specification at page 3 / paragraph 2 that states "**The invention solves the task with an intervertebral implant ... the steps of Claim 19.**" has been replaced with the following paragraph:

"The invention solves the task with an intervertebral implant and with a process for replacing a defect, natural intervertebral disk by an intervertebral implant."
